

PORTLAND TIMBERS

Portland Timbers ODP Invite and Information 2005, 2006 and 2007 Age Groups Tryouts: August 14-15/Salem, Oregon, Capital Timbers Complex

What is the Portland Timbers Olympic Development Program (ODP)?

The Portland Timbers Olympic Development Program, in conjunction with Oregon Youth Soccer Association, is a program designed to identify the top youth players in the state of Oregon and Southwest Washington. The mission of the ODP program is to provide players with an opportunity to climb the elite soccer ladder by competing for ODP regional and national pool status along with college identification and academy opportunities. In ODP programs throughout the country, youth players are chosen to represent their state association, region and ultimately, the United States in soccer competition. ODP teams are formed at the state association and regional levels, made up a number of the best players in various age groups. At the state level, pools of players are identified in each eligible age group and then brought together as a team to develop their skill through training and competition.

Through a collaborative effort between the Portland Timbers and Oregon Youth Soccer Association, Oregon is a nationally recognized ODP program with a cutting-edge youth development and Academy system. Through ODP, players are given the opportunity to climb an integrated pathway to a higher-level of soccer by being identified by Regional, National, Collegiate or Academy coaches.

The principal Portland Timbers/OYSA ODP mission is to identify, evaluate, and provide more consistent training opportunities for the elite youth soccer players in Oregon. As part of the effort, the Portland Timbers ODP program is dedicated to helping develop the highest level of youth soccer in the state and Portland Timbers home-grown territory. This objective will be achieved in an atmosphere of integrity, fairness, and impartiality. The player's talent with a ball, their physical and cognitive skills, together with their attitude will be the criteria for entry into the program. In developing this collaborative program, both entities will ensure the procedures will not conflict with any current United States Youth Soccer (USYS), United States Soccer Federation policies or any NCAA eligibility rules for college entry.

There are inherent secondary objectives too:

- To continue to identify players in the ODP and RTC age groups that will train and then be evaluated to select a state pool of players from which state team players are then identified and state Timbers ODP teams are formed.
- To advance the soccer skills and knowledge of players and coaches in each Timbers ODP age group, to send back to their club teams to share and develop.
- To provide appropriate competition for state Timbers ODP teams in each age group and to prepare players for the next level of soccer: ODP Regional Pool, National Pool and collegiate soccer.

Why should I participate in Timbers ODP?

As talked about on the first page, there is a vertically integrated system in place for players to get to the level they want as a player. As shown on the next page, the pyramid gives players the model for what they need to do to achieve their goals.

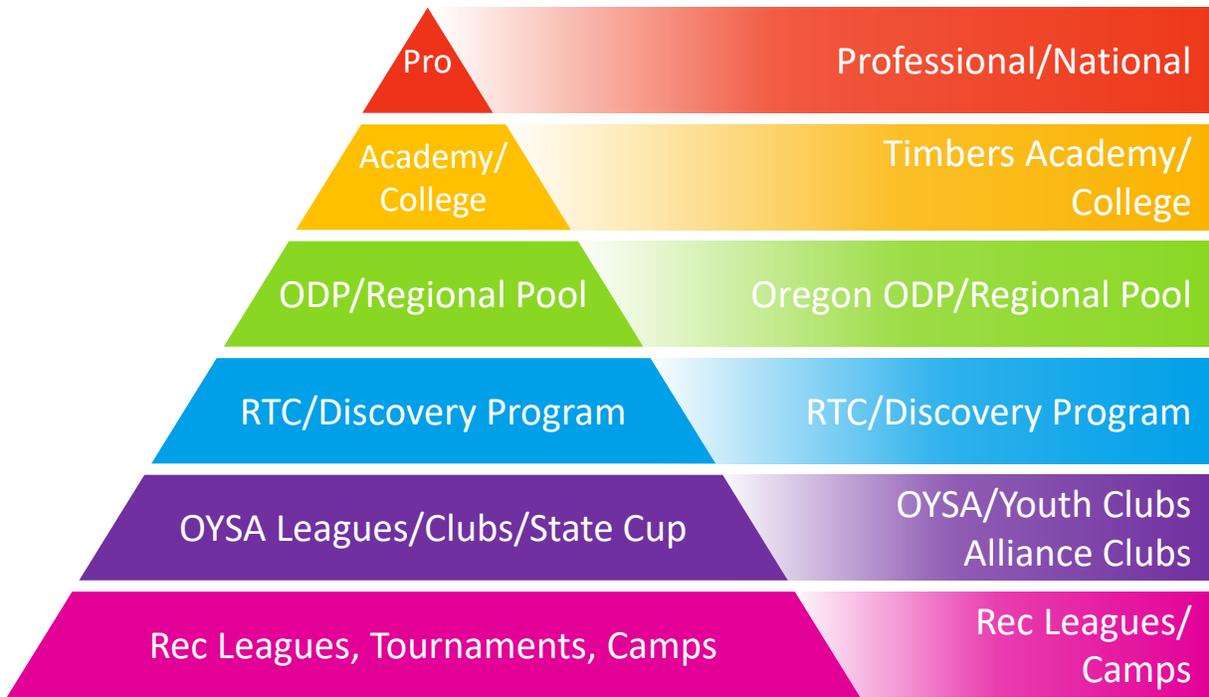

The Timbers ODP program creates a more competitive environment for the elite players to compete and showcase their talent both here in Oregon and against states from all over the Western United States. Timbers ODP has produced more than 90 percent of the current Timbers Academy players along with many players who are playing professional soccer now in the MLS and overseas including former players, Marco Farfan, Rubio Rubin and Foster Langsdorf.

Again, as shown on the next page in our development pyramid below, you will see the suggested pathway for players in the Timbers program to get to the level they achieve. By challenging players in a competitive setting, we are giving players the chance to develop and improve, while creating an environment that challenges them to become better players and move up the pyramid.

The ultimate goal as a youth player should be to play with the national team. But being realistic, there are many goals a player can achieve with ODP, Regional Pool and collegiate soccer. Within the ODP program, we will give as many players as possible, the opportunity to achieve their goal in the pyramid on the next page.

[See Pyramid on Next Page](#)

Timbers ODP Youth Development Pyramid

How each ODP Age Group is structured in 2021-22

Once tryouts take place in August, we will form pools of roughly 32-36 players in each age group: 2005, 2006 and 2007. The 2008 age group is run by the Timbers Academy and they will conduct tryouts for this program later in the calendar year. Each age group will have their own coaching staff and schedule.

ODP Events We Participate In

ODP Regional Championships: One of the premier tournaments in the country, we send all of our ODP teams to Phoenix in January where they compete against the best ODP players from the other 14 Western States in a championship format. The event is full of regional and national team scouts along with college coaches.

Timbers Friendship Cup: For 38 years now, the Friendship Cup is and remains one of the top ODP tournaments in the country. More than 100 teams participate each year and we host the event in our own backyard here in Portland. Regional staff is brought in to evaluate players and last year more than 50 college coaches were in attendance to scout players in our program.

ODP Regional Camp: If you are lucky enough to be invited, ODP regional camp is the ultimate goal for a player. Once the Friendship Cup is completed, our staff will select the top 18 players in each ODP pool to participate in ODP regional camp. Camp will likely take part in Oregon after the Covid-19 issues forced the location change this last year, but this event truly brings the top players from each state together where players now have a chance to make the ODP regional pool. From the regional pool, players can be selected to international trips, national camp, etc.

Timbers ODP Coaching

Any coach who becomes part of the Timbers ODP program has been hand-picked by the Timbers Youth Program. Our goal is to hire the most qualified coaches around the state to work with Timbers ODP players. Head coaches are required to have a USSF A or B license or professional experience and assistant coaches need to have at least a USSF C license or professional experience. To ensure exposure to the collegiate level, we look to bring in at least one collegiate coach per team when possible and one former professional player.

Will there be a conflict with my Club Team or High School Team?

There are times when Club and ODP have events on the same dates, but it should be known that State ODP trumps Club activities unless noted differently by the ODP staff. With all this said, at the ODP age groups, the Timbers encourage players to play with their club teams or high school team if you are old enough. Club development is key for players when they are not exposed to ODP training. Through a collaborative effort, Timbers ODP and Clubs work hand in hand to eliminate most conflicts in the soccer schedule as well. The Timbers also allow players to be excused from ODP training if they are participating in a showcase tournaments. In the end, we do everything we can to make the players choices easy when it comes to any potential conflicts here. ODP does not replace club and high school though.

What does each ODP age group focus on during the season?

Each age group will have a focus as shown below. Our staff coaches will focus on the below as much as they can to prepare players for what to expect at regional camp and beyond.

2005 and 2006 Age Group: Focus on functional play and team tactics.

High priority: Team possession; Roles of players within the team, offense v. defense (match-related), crossing and finishing (quality and timing), heading/attacking air balls, team defending and transition.

Lower priority: Individual skills should be addressed in warm-up.

Goalkeepers: Ball handling, breakaways, crosses, distribution, playing with feet, role as last defender.

2007 and 2008 Age Group: Focus on small group tactics and skills.

High priority: Team possession; quality of first touch, 2 and 3 person combination play; individual and small group defending (depth, balance, compactness, communication), transition.

Lower priority: Functional play, team play.

Goalkeepers: Handling, diving technique, decision-making with regard to diving, recovery, distribution. Field skills.

Cost of the Program

Below is a rough cost breakdown of what ODP will cost in 2021-22 season if players make a pool. Please know that players will not travel to every event below. Please also know we do everything in our power to help players get through the season. We offer scholarship money, we offer payment plans, working opportunities at Timber camps and we do what we can to help players with financial difficulty get through and not be left behind.

ODP Tryouts: \$60 (All)

ODP State Fee/Uniform Fee (If you make the Pool): \$420

ODP Regional Championships: \$750-\$800 (18 players selected for each age group)

ODP Timbers Friendship Cup: \$30 (All)

ODP Regional Camp: \$500 is rough estimate – cost is less if we host in Oregon again

ODP Tryouts/Bend Tournament/Salmon Creek Tournament

ODP Tryouts will take place **August 14th and 15th in Salem, Oregon**. We realize there are local tournaments taking place those weekends. Most ODP players will not play in these tournaments, but for those that do, you will be required to be available for at least one of the tryout sessions in Salem. Our dates have been set for the last 20 years when it comes to ODP tryouts as we need to hold tryouts before the high school season begins in August. Families are welcome to email elyslo@timbers.com if you have other conflicts with tryouts and our schedule.

PORTLAND TIMBERS

2021-22 ODP and RTC Schedule

<u>Date</u>	<u>Event</u>	<u>Location</u>
