Proposal Guidelines

Only organizations that strongly align with the PTCF's foci will be considered for funding. Submissions should make a strong case that your grant will help the PTCF positively impact the areas of focus, listed above. Additionally, Proposals will only be accepted from organizations who demonstrate a mature budget, show additional community support and have a track record of effective programming.

Grants from the PTCF are awarded in \$2,500-\$10,000 range. The proposal review and approval process will take place the two months preceding granting, so please take that into account when determining the timing of funds needed.

Proposals are only accepted from the completed application on the PTCF website and **must be received by 5:00pm** the day they are due. To be fair to all applicants, the PTCF strictly enforces the submission deadlines; late proposals are not accepted.
