5. 24,033 September 1, 2001 vs. New England
6. 23,849 August 21, 2004 vs. D.C. United
7. 23,775 September 25, 2004 vs. D.C. United
8. 22,719 September 26, 2015 vs. Portland
9. 22,685 October 4, 2008 vs. LA Galaxy
10. 22,459 September 14, 2002 vs. Chicago

\*Note: The seating capacity at MAPFRE Stadium changed at the beginning of the 2014 season from 20,145 to 19,968 due to physical improvements in the east stands that involved providing more access portals to the lower concourse and replacing the bench seating with individual chairback seating in the three center sections of Premier East. These two construction projects reduced the overall seating capacity in the stadium. It is possible for the club to accommodate more than 19,968 fans in standing-room areas, such as the north bridge.
