RE: What to take from this game

“I am very proud of what I have done but I am also working on the communication with the team to give better passes because there are sometimes where I struggle.”

RE: If he feels pressure of being the responsible one to score goals

“I do not have any pressure on my shoulders. I am trying to perform every game and help my teammates get the work done. I don't feel pressure and am really happy to contribute to the success of the team.”

RE: Today's PK and communication with the goalkeeper.

“It was a game of intimidation. Goalkeeper looked at me and tried to distract me and told him I got the job done.”
