LAFC FORWARD

Re: Opening thoughts

“Well, of course we are sad, we lost at home. We wanted to play the game we played against Seattle in this game; we wanted to take 6 points - because we had these two at home, but unfortunately we lost. Now we have a couple of days to rest and then we go to Dallas.”

Re: Despite the loss, how does it feel to not have to worry about a midweek game now? You just mentioned before, you got a little bit more rest and more preparation.

“Yes, as I said, now we have a couple more days to rest because we have a lot of games. So now its better - more days to rest.”

Re: How challenging has it been managing both mentally and physically of all the games that you guys have had?

“It was very hard but what can we do? We need to do our best every game. The most important is to recover good. Sometimes it's very hard, but I think we did good.”

Re: You’ve developed a good friendship with Mateusz [Bogusz] off the pitch; does the success that he’s starting to have with the goal contributions give you a little bit of motivation or inspire you to know that you can do the same?

“Yeah I am happy for him; he got an assist today also. And I hope he will continue like that, and get more goals, more assists. Yeah of course with me also, and I’m happy for him.”
