MAXIME CREPEAU

LAFC GOALKEEPER

Re: How he felt returning

“It was a long road; I will tell you that. It was super long. Lots of ups and lots of downs during these ten months. It has been quite a ride but physical and mentally I felt pretty good out there. It was a great feeling to be out with my teammates and to compete. There was positives to take from tonight. Obviously, the most important was taking the three points. We have a huge road trip ahead of us so it was good to get these three points. We will see what we need to tidy up defensively and, on my end, it was good to feel it again. There is always an edge to a game and you can play as many games as you want. With the second and first team there is a huge difference.”

Re: Managing being humble

“It is pretty much day by day, week by week. From the surgery, the small wins you get week by week. Slowly you start running, and then you touch the ball and put the gloves on to be with the team. All this is physical but you need to ramp it up as your football needs to catchup as well because 10 months without playing is almost a year, it is huge. Being with the guys feeling it on the grass with them was great. It made me happy. It brought me joy to play again. Tonight was a warm welcome from everyone.”
