LAFC vs Minnesota United

DENIS BOUANGA
LAFC FORWARD

RE: On what he's accomplished this season as a goal scorer:

"I feel really good. I'm really happy that I scored the first hat trick here in Los Angeles. I really wanted it, and I think I scored this first [home] hat trick because of the team. I'm really thankful for the coach and my team. We really wanted to win the last game at home, and we're happy that we won 5-1."

RE: On scoring his second goal after showing a slight limp seconds before:

"I was hit on my left foot and it hurt, but I'm attracted to score. So, I saw the ball and I scored. I was not thinking about the pain, so I just wanted to score."

RE: On what changed for the team to have such a successful day in attack:

"In the last three games, I tried to change things and it didn't work. So, today, I tried to play by instinct. It worked better, because I scored three goals."

RE: On what will be the main thing for the team to build upon heading into the playoffs:

"We just want to have six points in the next two games. We want to finish at the second place [in the Western Conference]. It will be the main goal for the rest of the regular season for LAFC."
