LAFC vs. Galaxy

JESÚS MURILLO
LAFC DEFENDER

RE: Playing tight defense

“We play these games to win them. It is one of those games where you need to come in 100 percent committed. We played at the required level to come into this match. We are very happy to have won the match.”

RE: Galaxy complaining about refs and lack of calls

“Talking about the refs when someone wins, does not look good. It is best to focus on ourselves. The ref also forgave them for a lot but we did not complain, we kept playing. It’s not necessary to complain after a match.”
