RE: match and the result

“We feel good. We won the derby, so we add three more points. We are moving forward, so we are feeling really good.”

RE: On his comments about what a big victory could do for the team and what this result can do for the team moving forward

“It was right to say that. This victory was really important for the team. We are going to build on this and I think it’s a win moving forward for the next games.”

RE: On how he stayed calm during the review before his penalty:

“I was never unsettled. Even with the words from John [McCarthy] and all of the other people. I knew where I was going to shoot, so that’s what I did. I was really confident and I just shot and scored.”
