Wednesday, May 15
LAFC vs. STL City SC

STEVE CHERUNDOLO
LAFC HEAD COACH

RE: Overall thoughts

“We’re delighted. It’s been a while but tonight well deserved. The guys played exactly the way they need play away from home to come away with three points. It’s difficult in the league on the road in MLS and even more so in STL, so a great result for us tonight. Again, in the moments we needed to be good on the road in STL, we were and came up with two plays. We got the three points so really happy with that. It’s been a while so hopefully we can build off of this.”

RE: Message sent to team tonight opposed to previous road matches

“Our message is always the same. The motivation, idea, and effort from the players is always great. There’s never an issue there. I think the difference in the past couple weeks has been the level of focus throughout the entire 90 minutes and maybe not just for 60 or 30 (minutes). We have the quality to win games on the road and at home but mentally lapses and individual errors have let us down and they have costed us big.”

RE: Getting through this block of games

“It’s just maintaining the level of focus and concentration throughout a longer stint through a two-week period where this a lot of games, a lesson we learned last season. Once that block is over then you can breathe and relax for a couple days and recover physically and mentally then we go again against Loudon next Tuesday. Understanding what is coming your way, building a road map for the players, how to manage a block, the players need to understand they need to maintain a high level of focus and concentration.”
