LAFC vs. FC Dallas

DENIS BOUANGA
LAFC FORWARD

RE: On Bouanga caring about individual accolades

“I try to stay positive, but decisive every game. It’s thanks to the management and all my teammates that I’m able to do that. Tonight I’m particularly happy to have scored the only goal and to have got the three points with one game less, so this is what I’m trying to do.”

RE: On the assist from Mateusz Bogusz on his goal

“It was perfect. We had seen that there was space in between the two defenders and we actually talked about it at halftime, so I knew that [Mateusz Bogusz] would try and get that pass. I just had to go fast in the middle and it worked out.”

RE: Seven straight wins and outscoring oppositions

“We just feel really good right now even though tonight maybe we were a little bit tired but we knew we had to push and we had a five day rest later. It’s also thanks to the fans, it’s like a twelfth man that pushed us all the way.”
