LAFC VS. Colorado Rapids

MATEUSZ BOGUSZ
LAFC FORWARD

Re: On feelings after another big win

“I am very happy because Colorado is very good. I’m very happy with my hat trick, especially that I could do it at home in front of the fans. All I can say is let’s keep going.”

Re: Is that your first hat professional trick?

“Yes, yes... I hope it’s not the last one!”

Re: On why Bogusz denied Kei Kamara’s shoe brush celebration?

“I need to score a couple more goals. I know my place, that’s something you can do for Lionel Messi or other players. Maybe if I score a couple more goals then maybe...”

RE: Feelings on finally scoring a hat trick?

“I was close already on my last game, so I had it already in my mind that if I scored these two goals, let’s keep going - now is the time. I am very happy, especially because it’s the first one so it tastes very good. It gives me more confidence and I will work hard to score more goals.

RE: On next week’s game against the LA Galaxy and also top teams in the West

“I can’t wait for this game. I already said in the locker room that let’s forget about today, let’s focus on the fact that it’s a very good game and we need to go there, show up and win this game. It’s very important. If we win this game we will be in an amazing position for the rest of the season and it’s a derby so the game is always different. We know it’s going to be hard, but we’re going to be ready.”

RE: How do you manage being hot but staying in the rhythm of the game?

“I’m not saying that I’m never happy with what I did, but I just want to keep going all the time. Even if I score a hat trick, I’m not finished. I want to work harder and I’m going to work for more, that’s my character.”
