LAFC vs. Club Tijuana

OMAR CAMPOS LAFC DEFENDER

RE: What was the play like where you almost scored the goal?

“When I hit the ball, my goal is to hit it, unfortunately I arrived without strength, I don't know why, but Tono made a good save there and it's too bad that the ball didn't go in.”

RE: How does it feel to play in MLS against a Liga MX team?

“The MLS has grown a lot and I have realized that there are some players in the time I have been here, they are on great teams. I had to be on this side, the MLS to play against the Mexican teams that I have been used to, but both of them did very well and to continue working for the next game.”

RE: How important is it to win the first game and maintain a good record in this tournament to reach the final?

“This game was three to zero, but every game you have to play at your best to keep winning because today we can score but tomorrow we don't know what will happen but it is always with the mentality of winning and always doing better.”

RE: ¿Cómo fue la jugada donde casi metiste el gol?

“Cuando delante el balón, mi objetivo era pegarle, lamentablemente llegue sin fuerza, no se por que, pero ahí Tono hizo una buen atajada y que mal que no entro ese balón.”

RE: Como se siente jugar en MLS contra equipo de Liga MX

“La MLS ha crecido muchísimo y me he dado cuenta que hay unos jugadores en el tiempo que he estado aquí, son grandes equipos. Me tocó estar en este lado, la MLS, y jugar contra los equipos mexicano que he estado acostumbrado pero muy bien los dos y a seguir trabajando para el siguiente partido.”

RE: Que tan importante es ganar el primer juego y mantener buen record en este torneo para llegar a la final

“Este partido fue un tres, cero, pero todos los partidos hay que jugar al cien para seguir ganando por que hoy podemos golear pero mañana no sabemos qué va pasar pero siempre es con la mentalidad de ganar y siempre hacerlo mejor.”

y tenemos que modificar por obvias razones. Me parece que es una jugada muy importante en el juego y después el equipo intentó jugar que es lo que se entrena todo el tiempo. Un equipo que mantenga la posición de la pelota, que no solo mantenga la posición si no que mantengan la posición de la pelota...”

“... Nos vamos dolidos, muy dolidos porque teníamos una gran esperanza de un mejor resultado y nos jugaremos todo en Toronto la siguiente semana porque queremos trascender, queremos calificar y el grupo tiene hambre de triunfo.”

RE: Analysis of the match and if you have an update on Cristian Rivera

“I imagine many situations. Cristian Rivera is in the hospital, our captain. Waiting for good news. The doctor has already been on the lookout and I think that until we have results it would not be the best thing to talk but we hope, with great faith, that he is well.”

“About the game, you saw it. We see some things in the heat of the field but there was one play that determined the game, the exact play in which Cristian Rivera got hurt. In our opinion there is a reckless action and there is a condition to everything, from there the expulsion of Professor Osorio derives and we have to modify it for obvious reasons. It seems to me that it is a very important play in the game and then the team tried to play, which is what they train for all the time. A team that maintains the position of the ball, that not only maintains the position but also maintains the position of the ball...”

“... We leave hurt, very hurt because we had great hope for a better result and we will risk everything in Toronto next week because we want to transcend, we want to qualify and the group is hungry for victory.”
