LAFC vs. Austin FC (LEAGUES CUP)

**HUGO LLORIS**  
**LAFC GOALKEEPER**

**Re: On his assist:**

“It’s part of the game. I know, especially here, with Denis [Bouanga] and Cristian [Olivera] we have a tool. It’s a weapon. In transition, if we play fast and we manage well to get the ball into the space they can create much. It was the case today and it worked. I’m happy with that. It’s not the most important for me, I would say that the clean sheet would be even more important but yes, I can be pleased with that.”

**RE: On seeing the stadium celebrating Giroud in the stadium...**

“It will be even better when he’s on the field with us. I think he’s supposed to be back soon and has already had a few sessions with the team. He’s fitting very well and he’s a great man, so it is really easy for him to adapt to a new environment and changing room so that’s good. He brings a lot of positive energy to the team.”
