JESÚS DAVID MURILLO
LAFC DEFENDER

RE: If this is the perfect opportunity to take out last year's thorn

“Today we’re focused on recovering well and we know we have an opportunity. That’s how soccer is. Now, to work in the best way possible for another final.”

RE: How the team will play in Columbus

“We have to engrave it in our head that finals need to be won. It does not matter how we play but we need to win. We will work for that objective. We prepared to be in a final and we achieved it. Now its most important to come back home with the trophy.”
