**RE: How mentally prepared are you for the final?**

“It’s a final, it’s going to be the last game of the cup, so we are going to be ready. It’s not going to be like last year’s game, there’s a feeling of revenge and we’re going to be eager to win that game.”

**RE: What does Columbus do that makes it difficult for LAFC to win?**

“Last time we were not good, completely out of the game, but now we are ready to get back. We’re eager to get back and now we have the recruits to win that game.”

**RE: With the new players does LAFC feel stronger than before?**

“They’re very strong. You saw tonight, they entered the game and they scored, we scored and Oli almost scored. They are strong recruits, and we are ready to play.”

**RE: How special is scoring in every game of this tournament?**

“I try to score; I like to be decisive in a game.”
