**RE: Having another chance at the Crew**

“I think the goal this tournament was to qualify for Champions Cup. If we can get a trophy, then it’s an add. At Columbus again like we played last year in the final. It’s a big game for us.”

**RE: If the final is more meaningful than last year**

“Every final is special. You don’t when it can be your last one. Every time you get to one its so tough to get there. I don’t think its more special or more meaningful. It’s a huge game for us and we want it bad.”
