LAFC vs. Colorado Rapids

SERGI PALENCIA
LAFC DEFENDER

RE: Playing Columbus again

“We are so excited to be in the final and to also play against them. It’s a huge game. We want to face the better opponents and they are the best on their side and we are the best in ours as we proved today. We know what went wrong when we played against them, We will try to improve it and improve our mistakes. We are ready to face them and give a joy to our fans.”

RE: On what needs to be corrected

“It will be different with our line of five that we have been playing now. They play really well against teams that play a back four. They know how to exploit the liabilities of those opponents. We have to play as a block to have our chances.”
