

Supporter Face Mask Policy – Exemption Request Procedure

San Diego FC (SDFC), in collaboration with Snapdragon Stadium, has made the decision to revoke the general privilege for the use of all face coverings. This includes, but is not limited to, bandanas, lucha libre masks, and similar items.

However, registered members of Frontera SD may apply for an exemption under the following conditions:

1. **Submission of Mask Image**
 - A clear and unobstructed photograph of the face covering intended for use must be submitted.
2. **Identification Verification**
 - A valid form of identification must be provided. This ID must be associated with both the applicant's SDFC membership and their Frontera SD membership.
3. **Acknowledgement of Responsibility**
 - The applicant must sign an acknowledgement form confirming their understanding that, should an incident occur involving the use of the approved mask, and the member is identified, they may be subject to a ban from future events.
4. **Restrictions on Mask Usage**
 - Approved face masks may **not** be worn while entering the stadium. They may only be worn once the individual is in their designated seating area. Face coverings are strictly prohibited in all concourse areas and restrooms.
5. **Application Deadline and Review**
 - All exemption requests must be completed and submitted at least **five (5) days prior to the match day**. Approval is subject to review and final authorization by both San Diego FC and Snapdragon Stadium.

We appreciate your cooperation in ensuring a safe and respectful match day environment for all attendees.
