The club plays its home matches at Toyota Stadium in Frisco, Texas. One of the first soccer-specific stadiums built in the United States, Toyota Stadium hosts Major League Soccer matches, concerts, international soccer matches and high school football. The stadium is also home to the National Soccer Hall of Fame, located on the south end of the venue.

FC Dallas became a charter member of Major League Soccer on June 6, 1995. Originally known as the Dallas Burn, the club unveiled its green and red colors and fire-breathing horse logo at a gala in New York City on Oct. 17, 1995. That same day, MLS announced that Mexican icon Hugo Sánchez would become the first player allocated to the club.

Six months later, Dallas played its first MLS match, defeating the San Jose Clash 2-1 in front of 27,779 fans at the Cotton Bowl in Dallas on April 14, 1996. In its second season, Dallas claimed its first major trophy, defeating D.C. United on penalty kicks to win the 1997 U.S. Open Cup after a scoreless match.

The franchise operated as a league-owned entity until the fall of 2003, when Lamar Hunt and the Hunt family assumed operating control of the club. Following the 2004 season, the team rebranded as FC Dallas. The club unveiled new uniforms and a new logo designed by Lamar Hunt as part of the rebrand.

The FC Dallas crest features the club's name and the number 96, recognizing the year the team played its inaugural MLS match. The crest also features a bull, representing the Texas cattle driven along North Texas trails throughout the 19th century, along with the club's red, white and blue colors.

Under longtime SMU head coach Schellas Hyndman, FC Dallas won its first Western Conference Championship and reached its first MLS Cup in 2010. Dallas fell 2-1 to the Colorado Rapids in overtime at BMO Field in Toronto.

Former FC Dallas player Óscar Pareja became head coach in 2014 and helped establish a new identity centered around the club's Academy and player development system. Pareja guided FC Dallas to franchise-record 60-point regular seasons in 2015 and 2016 before leading the club to its first Supporters' Shield and second Lamar Hunt U.S. Open Cup title in 2016.

FC Dallas expanded its player development pathway in 2019 with the launch of North Texas SC. The club became a founding member of USL League One and won the league's inaugural championship during its first season. North Texas SC later joined MLS NEXT Pro and captured the 2024 MLS NEXT Pro Cup.

ABOUT FC DALLAS

LAMAR'S LEGACY

No other professional sports team in Dallas has the pioneering legacy of FC Dallas and its patriarch, Lamar Hunt. The story of FC Dallas is tied to Dallas' soccer history, which began in 1966 when Hunt attended a World Cup match in England and was inspired to bring professional soccer to the U.S.

Born on August 2, 1932, in El Dorado, Arkansas, Hunt is recognized as one of the greatest sports visionaries in American history and a pioneer of professional soccer in the United States. Hunt helped make pro football history in 1960 by founding and organizing the American Football League. Long known for his role in the development of football as founder of the Kansas City Chiefs, Hunt's contributions to pro soccer have also had a lasting impact on sports in the U.S.

"Uncle Lamar," as he is affectionately known, formed the Dallas Tornado, one of the first professional soccer clubs in the U.S., and the NASL (North American Soccer League) in 1967. The team featured a roster of professional players brought from Europe. When their playing days were over, many of these players, such as Bobby Moffat and Kenny Cooper Sr., began second careers in coaching and conducting clinics, further spreading interest in soccer and developing talent in North Texas.

Professional soccer continued in Dallas through the 1980's with the rise of the indoor Dallas Sidekicks. Former Tornado players Billy Phillips and Neil Cohen played significant roles in the success of the Sidekicks.

The United States was awarded the 1994 World Cup. Not only was Lamar Hunt key to the bid to bring the World Cup to the U.S., but his leadership also influenced the creation of MLS.

The Hunt family stepped to the forefront of U.S. soccer in 1996 by becoming a charter investor in Major League Soccer, which was created with a unique single-entity operating structure, in which investors own an interest in the league in addition to individual teams. The Hunts were the original investor-operators of the charter teams from Columbus (Ohio) and Kansas City.

Hunt made his greatest contribution to soccer in this country in 1998-99, when he made pro soccer history by funding the construction of the first soccer-specific stadium in the United States. The Columbus Crew opened their revolutionary facility with groundbreaking on August 14, 1998, and construction completed in just nine months and one day. Columbus Crew Stadium opened on May 15, 1999, to a sold-out, overflow crowd of 24,741 fans watching the Crew defeat the New England Revolution 2-0.

The 1999 MLS season proved to be a historic one for Hunt, as he was awarded the National Soccer Hall of Fame Medal of Honor—the second person to receive the medal reserved for extraordinary individuals whose positive contributions to soccer at the national level shaped the course of soccer history in the United States.

That year, he also saw the U.S. Open Cup Tournament renamed in his honor. The Lamar Hunt U.S. Open Cup, recognized as U.S. Soccer's National Championship, is an annual competition open to all amateur and professional soccer teams affiliated with U.S. Soccer. Dating back to 1914, the single-elimination tournament is the oldest annual team tournament in U.S. sports history.

Having taken over the operations of FC Dallas in 2003, Hunt's youngest son Dan joined Hunt Sports LLC to help make Texas soccer history by breaking ground on Toyota Stadium on February 18, 2004. The 20,295-seat soccer-specific stadium in Frisco became the first soccer stadium built through a coordination of both private and public funds. Hunt Sports LLC, the City of Frisco, Collin County, and the Frisco Independent School District partnered to build the facility, which features 17 championship-quality soccer fields adjacent to the stadium.

In 2005, the team was relaunched as FC Dallas and opened the brand-new Toyota Stadium on August 6, 2005, with a 2-2 draw between FCD and the New York Red Bulls. Entering the 2006 season, Hunt-founded Crew Stadium and Toyota Stadium were two of the three operating stadiums in Major League Soccer built specifically for soccer. Through Hunt's visionary leadership, Toyota Stadium has become the model for soccer-specific stadiums in the United States, and 14 of the 20 current MLS franchises have soccer-specific stadiums. The sprawling 117-acre facility in Frisco has hosted millions of spectators and participants since its opening.

As far back as 1982, Hunt was honored for his efforts to help establish pro soccer in America by being inducted into the U.S. Soccer Hall of Fame in Oneonta, N.Y. Hunt has also been inducted into both the Pro Football Hall of Fame and the International Tennis Hall of Fame, as well as the sports halls of fame of both Missouri and Texas. At the 2004 MLS Cup, Hunt was presented the Commissioner's Award by MLS Commissioner Don Garber for being one of the league's founding fathers as well as a man who has championed soccer in the United States for nearly 40 years. In 2005, the U.S. Soccer Foundation, the major charitable arm of soccer in the United States, presented Hunt with the Foundation's Lifetime Achievement Award.

The continued success and growth of youth soccer in Dallas and the surrounding areas is directly related to Uncle Lamar's four decades of supporting soccer at all levels. His vision is carried on today through his sons, Clark and Dan, and the fans of FC Dallas.

Since his passing in 2006, players of FC Dallas have worn a patch with the initials LH to honor the legacy of Lamar Hunt.

Thank you, Uncle Lamar.

TOYOTA STADIUM

Opened on August 6, 2005, Toyota Stadium is a 145-acre multipurpose sports and entertainment facility located at the intersection of Main Street and Dallas North Tollway in Frisco, Texas, and is the home stadium for FC Dallas.

The combination of a world-class stadium and a sports park make Toyota Stadium one of the best and most unique soccer facilities in the world. Included in the facility is the 19,096-capacity pro-soccer stadium which features a built-in stage on the north end and 29 suites. Located on the west side of the stadium, the suites are immediately above the lower bowl seating area and provide an outstanding view of both the playing field and the concert stage. By adding field seats above a state-of-the-art Terraflor covering, the stadium can accommodate over 27,000 fans for concerts.

With its 17 tournament-grade fields, permanent event stage and first-class design, Toyota Stadium has become a model for soccer-specific stadiums in North America. By the beginning of the 2019 season, less than 20 years after the inaugural match in Crew Stadium, 20 MLS teams had a soccer-specific stadium to call home – a credit to the vision of Lamar Hunt and leadership of the Hunt Sports LLC.

The public-private complex is owned by the City of Frisco in partnership with Hunt Sports LLC, the Frisco Independent School District, and Collin County.

Along with U.S. Soccer, Toyota Stadium unveiled plans for a $39 million project featuring more than 100,000 square feet of renovated space, new locker rooms, premium seats, a private club and the U.S. Soccer National Hall of Fame Museum on October 14, 2015. On November 2, the National Soccer Hall of Fame Experience opened to the public.

The 24,000-square-foot museum and event center houses U.S. Soccer's hardware: the U.S. Womens' World Cups, U.S. Men's Gold Cups and the Lamar Hunt U.S. Open Cup trophies, as well as Olympic medals. Toyota Stadium will be the permanent site for the annual National Soccer Hall of Fame induction ceremony. Cindy Parlow, Brad Friedel, Tiffeny Milbrett, Bob Contiguglia and MLS Commissioner Don Garber, who deferred his induction from 2016, were part of the first class to be inducted to the Hall of Fame on October 20, 2018.

Luxury seating on the south end is covered by a roof and include pregame dining inside a private club featuring views into the player hallway and out to the field. Club members are also able to watch post-game press conferences live through glass windows shared between the new press center and the private club.

New locker rooms with tunnels on each corner of the south end are home to FC Dallas, as well as teams from Frisco ISD., the NCAA FCS Championship teams and Frisco Bowl. The locker rooms can be configured into four separate soccer dressing rooms or combined into two 100-person rooms for football.

Toyota Stadium is currently undergoing the most significant transformation in its history. In 2024, the Frisco City Council approved a $182 million public-private partnership to modernize the stadium and enhance the experience for fans, players, media and event guests. Construction began in 2025 and is being completed in phases, allowing FC Dallas to continue playing at Toyota Stadium throughout the renovation. A distinctive roof structure will also provide increased shade and weather protection throughout the seating bowl. The completed stadium will feature the largest video board in a Major League Soccer soccer-specific venue.

The renovation began with the east side of Toyota Stadium in 2025. In 2026, the east side is scheduled to reopen with a new club, expanded concourse, team store and additional food, beverage and restroom amenities as construction shifts to the west and north sides of the stadium. The New Toyota Stadium is expected to fully open in early 2028.

CLARK K. HUNT

FC DALLAS CEO & HUNT SPORTS LLC CHAIRMAN

A founding investor-operator of Major League Soccer, FC Dallas Chairman and CEO Clark Hunt remains one of the most innovative and influential members of the MLS Board of Governors.

Hunt shares his late father Lamar Hunt's passion for soccer and the family's vision for the sport's success in the United States. At Lamar's request, Clark engaged in the formative discussions for MLS lending his proven business acumen to the league's financial and legal structure. Now in its 29th season, MLS has earned a stake in the landscape of professional sports and is well-positioned for future growth.

In 1999, Hunt worked closely with his father to construct the first "soccer-specific stadium" in the United States in Columbus, Ohio. Realizing the vision of Lamar Hunt, the debut of professional soccer at Columbus Crew Stadium on May 15, 1999, represented a pivotal moment in the history of MLS and solidified the long-term viability of soccer in the United States. Six years later, in 2005, Hunt Sports LLC unveiled what is now Toyota Stadium, a 145-acre soccer complex in Frisco, Texas, and the home of FC Dallas.

As stadium construction, new investment, player development and a broadening fan base continue to shape the soccer marketplace in North America, Hunt is intimately involved in the development and direction of MLS. Hunt currently serves as the Co-Chairman of the Product Strategy Committee and as a member of the league's Labor and Governance Committees.

In addition to his roles in MLS, Hunt serves as Chairman and CEO of the Kansas City Chiefs, winning three Super Bowls in five seasons between 2019 and 2023. In 2007, NFL Commissioner Roger Goodell appointed Hunt to the NFL's Digital Media and International Committees, as well as the Executive Committee of the NFL Management Council. In 2011, Hunt was named Chairman of the International Committee and joined the league's Finance Committee. Hunt also serves on the league's Personal Conduct Committee and Commissioner Roger Goodell's Chairmen's Committee. In February 2019, Hunt was named chairman of the Finance Committee and relinquished his role as chairman of the International Committee where he remains a member.

Hunt graduated first in his class at Southern Methodist University in 1987, earning a degree in business administration with a concentration in finance. He was a two-time recipient of the university's highest academic honor, the Provost Award for Outstanding Scholar. During his time at SMU, he was a four-year letterman on the Mustangs' nationally ranked soccer team, earning first-team Academic All-America honors as a junior and senior and serving as a tri-captain his final season. He was named one of the SMU Cox School of Business Outstanding Young Alumni in 2004, and in 2005, he was appointed to the Cox School Executive Board of Trustees. In 2018, he was honored as a Cox School of Business Distinguished Alumni recipient. Hunt also has served on the SMU Board of Trustees since 2009.

Hunt and his wife, Tavia, are involved in numerous philanthropic efforts focused on children's health and youth education including Crystal Charity Ball, "Just Say Yes," and the Special Olympics. Through the FC Dallas Foundation, the Hunts have helped provide well-lit mini-pitches in low socio-economic areas of the Dallas – Fort Worth community that provide safe playing environments and facilitate active lifestyles for local youth.

Clark Knobel Hunt was born on Feb. 19, 1965 and graduated from the St. Mark's School of Dallas in 1983. The Hunts have three children – Gracelyn, Knobel and Ava.

DAN HUNT
FC DALLAS PRESIDENT

Dan Hunt has served as the President of FC Dallas since 2014. He also serves as a member of MLS' Board of Governors and the league's Business Ventures Committee.

Hunt spent years working on the design and construction of Toyota Stadium and Toyota Soccer Center with his late father and American sports icon, Lamar Hunt. Since the venue's opening in 2005, Hunt has played a critical role in using the venue to help establish FC Dallas as the leader in youth development in North America. The Toyota Soccer Complex, a 145-acre facility complete with 17 professional-grade soccer fields, has quickly become one of the most rewarding stadium designs in professional sports. Rated as one of only two five-star facilities by the 2011 U.S. Soccer Development Academy Rankings.

Hunt also oversaw the $58 million construction of the National Soccer Hall of Fame in the south end of Toyota Stadium. The project included more than 70-thousand square feet of renovated space, new locker rooms, premium seats, a private club and the National Soccer Hall of Fame Experience.

In May 2017, Hunt, along with his brother Clark, ESPN and the City of Frisco officially announced that the newly-relocated Frisco Bowl (previously known as Miami Beach Bowl) would call Toyota Stadium home starting on December 20, 2017 at Toyota Stadium. Louisiana Tech became the first Frisco Bowl Champions after beating SMU 51-10.

In addition to his leadership with FC Dallas, Hunt serves as President of the Dallas 2026 FIFA World Cup Host Committee. His work has been instrumental in securing Dallas as one of the official host cities for the tournament. Under his leadership, the committee has been actively working to enhance local infrastructure, engage community partnerships, and promote the city as a premier destination for the world's largest sporting event. Hunt's vision aims to ensure that the 2026 FIFA World Cup leaves a lasting legacy in Dallas, both on and off the pitch.

Outside of his responsibilities with FC Dallas, Hunt is involved in the Hunt family's long-standing interest in the NFL's Kansas City Chiefs. During the 2010 season, Hunt assisted in the renovation of Arrowhead Stadium.

In 2016, Hunt and Robert Casterline loaned their multi-million dollar football card collection to the Pro Football Hall of Fame in Canton, OH. Considered by many the most valued collection of football trading cards in the world, the collection includes rare complete sets, important rookie cards as well as informational displays which tell the story of American football and the hobby of card collecting.

Hunt began his business career as Vice President of New Business Development for Gemini Voice Solutions in New York City, a provider of voice-over internet protocol for home-to-home calling in the United States.

A Dallas native, Hunt is a graduate of Southern Methodist University and St. Mark's School of Texas.
